

Winter Sports Time Is Here

FIRST SNOW TRAINS ARRIVED SUNDAY

Detroit News Hikers Club Prominent Among Revellers.

A delayed winter sports season opened in real earnest Sunday when two "snow trains" from Detroit came rolling in and pouring out their long rows of colorfully clad passengers. As usual there was a crowd of happy people, all ready to let loose in winter frolic.

Limited snow fall kept the local committees worried as to how to get enough snow for construction of toboggan slides. By scraping and hauling it was possible to construct one toboggan slide, and as may be surmised, this was totally unable to accommodate the many people here to enjoy that feature of winter sport. And too the snow, what little there had been, was blown about by the winds so that the hills furnished little or no skiing. The skating rink, however, did yeoman duty and soon its mirror-like surface was alive with speeding, twisting and whirling skaters.

The Detroit News Hikers club was represented by 35 members, and, guided by Kenneth Gothro, enjoyed a four-mile hike among the hills of Lake Margrethe.

The first train arrived promptly on time—1:00 p. m., and was followed 25 minutes later by the second train. There were about 1,300 passengers on the two trains. Trucks and busses were awaiting their arrival at the Michigan Central depot and quick work was made in transporting the crowds to the winter park, 2 miles from the city on M-93, better known as the "Lake" road. The first train pulled out at 5:00 p. m. and was followed a half hour later by the second train, each carrying a large crowd of tired but happy people. Among the visitors were a number of Detroit and other city newspaper men. T. F. Marston represented the East Michigan Tourist association and seemed to be about the busiest man in the crowd, interviewing the local officials of the Winter Sports, Inc., Michigan Central officials and others.

Of course Earl Kirby, president of the Kirby Travel Bureau of Detroit, and assistants, sponsors of the "Snow Trains," were here, arriving on the first train. And a number of Michigan Central officials, some accompanied by their ladies, were among the visiting revellers.

Ever since January 10th, snow trains had been scheduled to come here from Toledo, Detroit, Bay City, Flint and other cities. The lack of suitable winter weather made winter sports impossible and each time the trains had to be cancelled and reservation fares returned. Disappointment for thousands of people and helplessness for the local winter sports officials, made the situation extremely embarrassing. It was a bold attempt to open the park Sunday but it worked out fairly satisfactorily.

Before the snow trains were due to pull out, snow started falling and has kept up with quite regularity ever since and now there is plenty of the "beautiful" and temperatures are quite ideal for building up the toboggan slides, ski trails and ski jump, the skating rink, hockey rink and other features of the park that have to depend on the weather.

The addition of two large shelter buildings, each comfortably heated and with plenty of seating, and rearrangement of other buildings in the park added greatly to the pleasure and comfort of the visitors.

No special program had been arranged for the day but that didn't seem to be missed for everyone entered into the "Spirit of Grayling" Winter Sports—where everyone plays." Pete Lovely, Geo. Stanley and Geo. Colleen and a crew of assistants

saw to it that everyone wanting lunches was well fed under pleasant and comfortable conditions.

Three minor accidents occurred. One young lady fell on the ice striking on her nose, causing considerable pain. Another accident occurred when two young ladies seated on the rear of their toboggan, fell off just as the toboggan was at top speed, as one of the ladies started to grab her hat, slightly turning at the same time. The movement caused both to fall off. All three accident victims were given first aid by our Boy Scouts and hurried to Mercy hospital where they were promptly cared for. They were just minor injuries.

Program.

President Wm. Hill and officers and committees met Tuesday night to take up the matter of further plans, and completion of the season's program.

On Thursday nights the park will be lighted and in operation for the pleasure of Grayling people. The toboggan slide and skating rink will be available for the pleasure of the local fans. There will be no admission charge.

Next Sunday there will be a train from Detroit, and on the following Sunday—February 7th, Bay City day will be observed. There will be a special "snow train" from that city for the occasion.

Next Sunday will be Midland day.

February 14th will be Jackson-Lansing day. In the afternoon of that day formal coronation will be carried out for the Grayling queen—Miss Tumath.

February 20th will be held the queen's ball at the school gym.

Each of the visiting groups will select a queen to represent their own city. On February 20th each queen, so selected, will return to Grayling and here enter into competition in the selection of one of the group to be known as the winter sports queen of the central states. Elaborate preparations are being planned for this event, which will be held on the 21st, the day following the queen's ball. Mrs. Clippert has been selected for chairman of the queen committee.

February 21st is Michigan Press day and Saginaw day.

Other features will be the queen's banquet, which will be given about February 19. Also the annual press banquet, scheduled for the evening of February 13th.

The grand finale of the season is staged for February 28th.

Chicagoans Coming

January 23, 1937

Dear Mr. Marston:
Re group heading for Grayling—thanks for your letter of the 21st.

I have gotten them good rates via buses but they are reluctant to travel that way unless as last resort.

Now I am working with the Michigan Central-Pennsylvania lines, hoping to get them north through Grand Rapids, leaving the train at Kalkaska and driving to Grayling. I believe it is workable.

At any rate, they will get to Grayling one way or another!

Yours very truly,
Mildred G. Howe,
Manager Chicago Office.

Nation's \$1,000,000 Birthday Cake and Its Beneficiaries

With more than 6,000 celebrations in prospect for January 30, President Roosevelt's birthday, a fund of approximately \$1,000,000 is forecast for the war against infantile paralysis by Colonel Henry I. Bohnert, chairman of the National Committee for the fourth year. Seventy percent of the fund thus raised will remain in the communities where collected, the other thirty percent going to the War Springs (Georgia) Foundation.

Many Contribute To Flood-Relief Fund

Mrs. C. G. Clippert, chairman of the Crawford County Red Cross Chapter is making an urgent appeal for funds to be sent to the flood refugees, and already there has been an overwhelming response to the call.

Crawford county's quota was \$40.00, and this had already been over subscribed, and as there seems to be no let down to the damage that is being done and matters do not seem to be getting any better. A telegram was received yesterday increasing the quota to \$200.

For the convenience of the public, who wish to subscribe, contribution lists have been left at the following places: Mac & Gidley and Chris W. Olsen drug stores, Grayling Bank, Shoppens Inn, Postoffice and Grayling Hardware. Also clothing and bedding will be acceptable and anyone wishing to donate clothing may leave it at Grayling Hardware. Mrs. J. L. Martin and other members of the American Legion Auxiliary will pack the clothing and ship it to the proper headquarters.

The public need not be told how worthy a cause this is, and no matter how small your contribution it will mean much to these stricken people.

Following is a copy of a telegram that was received by the local chapter from the National committee of the Red Cross calling for help:

St. Louis, Mo.,
Jan. 22, 1937.

Crawford Co. Chapter
American Red Cross,
Grayling, Mich.

In order to meet hourly increasing need of flood victims in eight states Red Cross is calling on people of the United States for minimum relief fund of two million dollars. Reports received late tonight indicate total of two hundred seventy thousand men, women and children driven from their homes and now depending upon Red Cross for emergency relief including food, shelter, bedding, medical attention and warm clothing. Ragging blizzard and freezing weather in many flooded sections add to suffering of refugees and greatly increase need for instant relief. Feel sure people your community will wish to aid promptly and generously. Urge you take immediate action to raise

your quota of \$40, reporting to Midwest office, St. Louis.

Cary T. Grayson,
Chairman.

CCC Camps Higgins and Ausable have answered the relief call of flood sufferers by sending two trucks and four men into the stricken area to do what they can to help in rescuing refugees. Camp Ausable sent two trucks and two men, Willard Schultz and Donald Marsh, and Camp Higgins sent Clarence E. Pierson, a cook, and Leonard Atchison.

KELLER'S MEAT PRODUCTS

Andrew Keller of Frankenthum has leased the building next to Shoppens Inn Annex, originally occupied by Schweitzer & Wilson, for the manufacture of meat products.

Mr. Keller was born in Germany, and served four years apprenticeship in that country in learning the manufacture of sausages and other meat products. Since that time he has devoted his entire life to this industry.

A visit to the Keller plant found the proprietor busily engaged in his work. The place was spic and span and there was the pleasant aroma of cooking meats. We were invited to sample the several varieties that Mr. Keller puts out and it is our opinion that we had never tasted more excellent minced hams, bolognas and other varieties.

Mr. Keller informed us that he used the very choicest of meats for his products, and also that he would continue to keep up this high quality indefinitely and at no time would he allow the quality to be slighted.

This new firm is getting a good start in business and conditions look very favorable for a prosperous industry. He employs two delivery trucks and they are kept fairly busy. These products may be purchased from local dealers and it would be a nice compliment if we would ask for Keller products whenever purchasing bolognas and pressed meats.

Mr. and Mrs. Keller reside in one of the Burke apartments.

RABBIT HUNTING SEASON CLOSING SUNDAY NIGHT

On Feb. 1, small-game hunters will have to put away their guns until next fall since the closed season on cottontail and snowshoe rabbits in the counties north of northline of Townline 16 and west of Saginaw bay begins on that date.

All other counties closed to rabbit hunting Jan. 2.

Grayling Wins From Alpena, 25-18

"On to Victory" was the battle cry of the Northern Lights Friday night as they engaged in combat with the thundering Thunderbolts of Alpena Central and win they did. Proudly displaying the colors of Grayling High, the locals accounted for their second straight win by turning back the visitors with a 25-18 score.

Winning the ball game was by no means a simple task, as the visitors from Alpena supplied formidable opposition and forced the Cornell-coached quintet to play full-speed ahead throughout the contest.

As in the West Branch game, the locals got off to an early lead by displaying a surprising amount of speed and accuracy in ball handling in the first minutes of play, enabling them to acquire a 9-5 lead in the first quarter. Alpena, not a bit backward about registering in the ball themselves, collected six counters in the second canto and five points in the third, while holding Grayling to the same number, bringing the total of the game to 20-16, with the locals leading by a four-point margin. Sensing a fight-to-the-finish last quarter, the fans, aided by the Pep club girls, unleashed a volley of yells that nearly matched the fighting spirit of the two teams on the floor. In the last stanza the two foes put on a show that was well worth seeing.

Superior ball handling by both sides was a feature of that last struggle. Alpena's gallant effort to overcome Grayling's lead was stopped by the clicking defense of Coach Cornell's charges and consequently the Thunderbolts were held to two points, although numerous attempts to score were made.

Chalker garnered nine points for the victors, while Gauley had seven for the losers.

The Grayling Reserves played heads-up ball to hold the Houghton Lake varsity to a 23-29 win. For a while it looked like the Reserves had the game sewed up but Houghton put on a firing attack that was enough to give them victory.

Friday night both Grayling teams journey to Gaylord to take on the men of Makel. A local following will be appreciated.

NOTICE

According to the Liquor Control Commission, there has not been a complaint made against Horseshoe Lake during the last three months.

Saturday night being the closing dance, Mr. and Mrs. Ted Wheeler wish to thank everyone for their patronage.

Supervisors Take Determined Stand

SUPERVISORS ASK ROAD COMMISSIONERS TO RESIGN

During the last session of the county board of supervisors, a resolution was passed asking for the resignation of Harry W. Souders and Frank Barnett, members of the county board of road commissioners. Five days were allowed for those members to comply with the request of the supervisors.

That time has long since lapsed and as yet the required resignations have not been tendered. According to the resolutions passed by the supervisors, action for their removal will now be placed before Governor Murphy.

The resolution passed as by the supervisors appears in this issue of the Avalanche in the official proceedings of the board. That portion relative to the above begins with the 7th paragraph of the 3rd column on page three. As this is a matter of economic interest to the people of the county, it should be of general interest.

IZAAK WALTON LEAGUE MEETS

The Izaak Walton League held their monthly meeting Wednesday evening of last week at the courthouse. Members from the Chamber of Commerce of Houghton Lake were present and took active part in the meeting in presenting various problems that confront them in their vicinity. A general meeting between Roscommon county, the local chapter of I. W. L. and the Department of Conservation to discuss their problems, is expected to be held in the near future.

Questions under discussion at the meeting were the preventing of trapping deer from this area and transplanting them in other counties as has been done in the past, unless it is done for experimental purposes. The League will arrange to supply food for these deer if there should be a shortage. The possibility of opening the Hanson Military game refuge for deer hunting has been given serious consideration and efforts are now in progress to open this area up for hunting. The next meeting of the League will be held Thursday, February 11. Movie shorts will be shown, followed by a Dutch lunch. However more particulars will be published in next week's edition, but keep this date in mind.

JUST MISSED SAILFISH

Royal A. Wright who with his wife is spending the winter at Palm Beach, Florida, writes:

Just lying around getting rested. Have rented a cabin cruiser for a month, but so far the ocean has been too rough to fish much. Have had 42 days of southeast trade winds here, which no doubt, accounts for your mild winter up north.

Have caught a few fish and just missed getting about a 7-foot sailfish.

Regards, R. A. Wright.

C.C.C. BOYS GAVE INTERESTING PLAY

The "Adventures of Grandpa" given by the dramatic club of CCC Camp Kalkaska was a scream from start to finish. Five feminine roles were taken by young men and they were played to perfection.

The story was that of an eccentric grandfather who when he learns his grandson's fiancée jilts him insists that he marry someone else at once, or lose his allowance. Upon learning that his grandfather is coming to visit him, the grandson in order to right things with Grandpa, arranges to "borrow" his friend's wife, expecting that the grandfather probably will only be there a couple of hours. Everything is lovely until Pansy, the maid, is believed to be coming down with small pox and the entire household is quarantined. Complications are increased by the presence of the grandson Monte's ex-fiancee, who has decided that she still is in love with him and by the jealousy of the neglected husband. "Kloomp" the laugh maker, finally spills the beans, the quarantine is lifted and the loving couples are reunited.

The entire affair was supposed to have taken place in Grayling. Last summer when funds were being solicited for Mercy Hospital the enrollees of Camp Kalkaska decided then that they were going to do something for Mercy Hospital and so planned the show, to be presented here for that benefit. This was a nice courtesy on the part of the enrollees and no doubt was much appreciated by the Hospital.

Climate's Effect on Animals
Warm-blooded animals grow to a larger size where the temperature is low. But cold-blooded animals—snakes, alligators and lizards, for example—grow larger in places where the climate is warm.

A GOOD skating instructor for the young people of Grayling would be a good move and would be one well in keeping with our promotion of winter sports. The art of skating is becoming more popular every year and is one of the finest kinds of winter sports. Classes should be organized to take in children in the lower grades of school, and right on up to the high school. And adults too should welcome such a movement. We believe such an effort would prove popular and very beneficial to this community.

Queen's Ball February 20th

Plans are being made for an elaborate Queen's ball to be held on February 20th, as one of the big features of Grayling's Winter Sports activities. Harley Russell is chairman of the music and tickets. Harley Kennedy will do the decorating. Mrs. C. G. Clippert is chairman of the Queen's committee. It will be an informal affair and one may attend in their snow togs or as they please.

WILL CELEBRATE 90TH MILESTONE

Peter Rasmusson, one of the grand old gentlemen of Grayling, and a pioneer resident here, will reach his 90th milestone tomorrow, January 29th. It will however be observed quietly at his home. Mr. Rasmusson is just beginning to feel like his old self again after being ill since sometime in October. Although he has not yet been able to get out-of-doors he is resting comfortably at his home. He is however awaiting the coming of spring so he can again make his daily visits down town. The Avalanche joins in extending happy birthday greetings to Mr. Rasmusson, and many more returns of the day.

Hanson Cafe and Gaylord Play Tonight

The Hanson Cafe basketball team will clash with the Gaylord A. C. club at the local school gym at 8:30 tonight, Thursday. Gaylord has displayed strong power this year on the maple court, losing only a few games. They are determined to hand the locals their first setback on the home floor. This game is sure to be packed with some real basketball. These rivals are out to shoot the works and both are set on victory. Come out you fans, and watch the battle of old teams. See the Hanson Cafe team in action.

A preliminary between the Reserves and Frederic will start at 7:30.

Benedict School Notes

(By Rayda Papendick)

January 11, the Benedict School boys and girls organized 4-H Handicraft and Sewing clubs. The club elected their officers at the meeting.

The Sewing club elected as its officers Louise Annis, president; Rayda Papendick, vice president and Violet Hathfield, secretary and treasurer.

The Handicraft club elected Leon Johnston, president; Raymond Papendick, vice president, and Francis Annis as secretary and treasurer.

The clubs met again Jan. 14 to discuss their work and to decide on the materials that they are going to use.

The School received a set of quilts from the Tuberculosis Association. The quilts were earned by selling Christmas seals.

The children of the school have an erector set to play with during recesses and noons.

A few of the students are absent from school because of the flu.

The 4-H clubs are getting along nicely with their work.

The school is enjoying the Avalanche which is being sent free of charge to the school, by the editor.

Cuyler Talks To School

The assembly program January 22nd, proved a memorable one to the students of Grayling and the basketball squads of Houghton Lake and Frederic. Hazen (Ki-Ki) Cuyler who was to referee the Alpena-Grayling game that evening was the speaker of the afternoon and his talk proved to be very interesting.

In addition he treated his audience to an instructive and pleasant time after his lecture by showing several reels of film that he had taken during his travels. The students enjoyed the many beautiful scenes which he had taken on his trip to the Cincinnati major league training camp last spring. Later he showed the pictures of the moose hunt he and his companions made in Canada.

After school was dismissed the baseball enthusiasts had their innings as "Ki-Ki" discussed major league baseball with a large group of boys.

That his interests were not all with baseball was proved that evening when he stepped on the basketball court and refereed the game between the Northern Lights and the Alpena Thunderbolts. The game was very efficiently handled and we hope to see Ki-Ki in a like capacity some time in the future. Perhaps the trip will prove rather painful to him tho as we suspect he may have a touch of writer's cramp from trying to oblige all the local autograph hunters.

More of This and That At the School House

Each grade room and the library receives a copy every month of the Junior Red Cross News.

The school uses a case of paper towels a week on the average and 900 pounds of sweeping compound a year.

The basketball league for boys in the upper four grades has been going for two weeks. The other league for boys in grades six, seven, and eight, has been in operation for some time.

There is some interest in girls' basketball and plans are being made to give the girls a chance to play in the gym this way.

The gym horse that has been in bad shape for some time in the basement has been taken out and repaired. Mr. Roberts did the work on it, and is interested in a boys tumbling class. Several of the boys want to try it.

The Junior-Senior Council bought a victrola, with an amplifying system. School parties at lowest cost is the idea. They operate this set from a storage battery, and a microphone is also included. A school party is planned for February 12.

Visiting teams have been entertained in the school before games this winter. The idea seems to be popular with visiting outfits and is spreading. Word has come from Gaylord that our

students will be received in the kitchen of the new gym after 6:30. That's this week Friday.

Field and Stream is one of the most popular magazines in the library. Strange in this country. Covering the skylights for the movies last Friday was a tough job. But well worthwhile.

FREDERIC SCHOOL

Fredric High school basketball teams won a twin victory Friday night. The Mio boys started out strong by sinking two lucky long ones and a foul shot the first few minutes, while Frederic was vainly trying to find the basket. This lead was overcome however before the end of the first quarter and Frederic led the field the rest of the way.

The varsity squad defeated Mio's varsity squad by a score of 31 to 21. This was no easy win for the locals though they were in quite a substantial lead most of the time. They had to fight continually to keep that lead and several times a spurt by Mio brought them up within easy tying distance but they were unable to keep it.

The Mio boys showed an unusual amount of improvement over their brand of play as compared to their brand when they entertained us at Mio.

Our regular janitor Mr. Rowe, is back on the job this week. We are all glad Mr. Rowe has gained strength enough to continue his work.

Gloria and Tommy Manier are back in school again. It must be the rains and floods have driven them north. Gloria and Tommy are with us every Fall until after hunting season is over and generally get back a few weeks before fishing season, but this year they are rushing the season a bit.

The basketball games of the remainder of the season will be played at Frederic, Jan. 29 when Roscommon brings their two teams up. Roscommon is one of the schools in the league and so far this year have not lost any games within the league. They have won over some outstanding teams out of the league. All in all many folks favor Roscommon to win the league but there are several teams who say it cannot be done and Frederic is one of them. We look forward to a goodly bunch of rooters from Roscommon and we hope to have everyone that has been to a game here this year present Friday night. Remember, this game means a lot to your team and you can help them win it.

The Hot Lunch club seems to be very popular. It is only in its second week of existence for this winter and from 80 to 100 are served every day.

Last Friday afternoon the Frederic basketball squad were in Grayling for their assembly period. "Ki-Ki" Cuyler was there and gave a short talk on "Playing the Game" and showed pictures of some of his travels. All the boys enjoyed the outing a great deal and wish to thank Mr. Cornell for the invitation and effort that made it possible.

THERE'S *More* ROOM IN THE 1937 FORD V-8

ON THE FARM, a car has to do a lot of jobs — hauling supplies or feed, for example. The big luggage compartment in the back of the 1937 Ford V-8 Sedans is just right for this. It will carry a 30-dozen egg crate and a 10-gallon cream can. Its roominess is a great convenience. You don't have to crowd passengers by carrying bulky loads inside.

This is only one of the features that makes the 1937 Ford V-8 the quality car in the low-price field. It is made in one size, with a choice of two V-8 engines —

60 horsepower for extraordinary all-round economy with good performance (available in five standard body types) and 85 horsepower for maximum performance with good economy. All-steel body and new Easy-Action Safety Brakes head a list of outstanding improvements. Call on your nearest Ford dealer, he will be glad to demonstrate the 1937 Ford V-8 and explain its many features.

\$25 A MONTH, after usual down-payment, buys any model 1937 Ford V-8 Car — from any Ford dealer — anywhere in the United States. Ask your Ford dealer about the new Universal Credit Company Finance Plans.

Town Talk

(By J. Wellington Bumsted)

Using the boss' own words, "Inasmuch as there is a vast neglected field of poor neglected humans who are not under the protecting arm of J. Wellington, this column is being shifted over to include the entire city and their problems." We hope you don't mind.

Hope you fellows don't feel as bad as I do with tobogganing and skating the main issue of a hitherto peaceful day of rest.

Even the boss was there—blossomed forth in a new-style black billed cap with just a touch of red for glamour and to satisfy that Argentine temperament—but maybe I hadn't better mention the temperament.

This exercise is getting to be a bear for punishment. Even F. J. has taken to frequent sprints before the public eye, with so far never a casualty.

Such a week end of gaiety—with George Stanley doing his part at the lunch room with the rest of the resort feeders, looking as Aunt Jenny used to say, "a wee bit pale around the gills but obstinate." He's a newly recovered influenza patient but going strong once more.

Even Sheriff Bennett has assumed a "hands in the pockets" attitude. So don't bother to consult your thermometer—That means it's r-e-a-l-l-y cold!

Such a week end of gaiety—with Eva Madsen in the thick of things looking very fetching in a new blue and white snow suit with white tassels.

And all the young lads and some of the oldsters trying to impress her with fancy hooks and dives. And Eva not even knowing that they were around.

Another celebrity—Paul Lippert, silver-voiced tenor of the Poki-dots, escorting the youngest daughter of the Cody's with the boyish figure. With one of Higgins boys keeping things interesting.

What I can't figure out is—where was the boss with his black and red bonnet? Probably collecting "remarks" from innocent resorters. The sleuth again! It's like the itch—just when he thinks he has it cured, it breaks out again.

And lo and behold—Charlie Moore commanding the usual respectful attention, looking very "cute" in his green plaid mack-

inaw and down-south chivalry.

Came the evening hour and Harry Larkins, of Detroit, alias, Roscommon, alias, Grayling, famed boy friend of the eldest of the Parker daughters, entertained a sizable group of fun-seekers at the Garden with Rudy Vallee impersonations of famous late songs—accompanied by equally amusing impersonations of Fred Astaire by another out-of-towner. Did we have fun?

When the evening ended Larry and Lois collected the former's bowling results from the Plaza and treated our fair city.

As Mayor Chris says, "What I mean, it was s-o-m-e week end, boy oboy!" And everyone praying for another wintry week end and Kirby of snow train fame, and the boys patting each other on the back. They can eat again!

DRAWN GOOD COMMITTEE APPOINTMENTS

In spite of the fact that this is Miles M. Callaghan's first term in the state senate, he was given appointments on some of the most important committees, as follows: Printing and expense (chairman); College of Mines; conservation; finance and appropriations; horticulture, and insurance. The committee on finance and appropriation is the most important of any in the senate and is a full-time job, handling all appropriations for the state government.

Membership on the senate conservation committee too is of great importance to this region of Michigan for Senator Callaghan has a good understanding of our needs.

Resolution as offered by Supervisor Niederer.

Resolved: That whereas, the Board of Supervisors for the County of Crawford, Michigan, having before it the annual report of the Board of County Road Commissioners of the County of Crawford, wherein such report purports to set forth the nature and extent of the activities of said Board and the

negligent or extravagant manner, and,

Whereas, said report is insufficient and incomplete to the extent that it does not adequately set forth fully and satisfactorily the anticipated expenditures to be made for the ensuing year of 1937, and,

Whereas, it further appearing from said report that an amount over and above the provisions for 1936 has been expended for the purchase of equipment, and,

Whereas, further acts of said Board of County Road Commissioners have resulted in the conditions and circumstances herein set forth in the attached list of charges.

Therefore Be It Resolved: That Harry W. Souders and Frank Barnett, members of said Board of County Road Commissioners, be and are hereby demanded to tender their respective resignations forthwith to this Board.

Be It Further Resolved: that a copy of this resolution and charges be served upon each of said named persons mentioned herein by or through the Clerk of this Board.

Be It Further Resolved: That in event of the failure of either or both of said above named persons, to comply herewith within five days that a petition be made to the Governor of the State of Michigan, requesting their removal from said office.

We the Board of Supervisors of Crawford County, Michigan do hereby charge and allege that the members of the County Road Commission for Crawford County, Michigan have during their present term of office been guilty of malfeasance, misfeasance and gross incompetency in the discharge of their duties as members of said Board in that the said members have:

1. Failed, neglected and refused to comply with the laws of the State of Michigan relative to the sale of material to said board by the members thereof, said named members having repeatedly sold materials and supplies to said board.

2. Failed, neglected and refused to legally obtain right of way for the construction of new roads, in that said members have had constructed new roads over private property without legal authority, thereby subjecting said county to the danger of suits for damages.

3. Failed, neglected and refused to expend moneys received from the Gas and Weight tax under the supervision of said Board of Supervisors as required by law, thereby subjecting said county to the danger of forfeiture of said Weight and Gas tax by the State of Michigan for a period of one year.

4. Extravagantly without due regard to necessity purchased equipment far beyond the actual needs of said county.

5. Failed, neglected and refused to tender to said Board of Supervisors sufficient annual report as required by law.

6. Built new bridges, the cost of which were in excess of five hundred dollars, without having first advertised for bids thereon, as required by law.

7. Failed, neglected and refused to follow the recommendations of the Board of Supervisors as to the repairing and maintenance of County Roads, in that at a joint meeting of said Board of Supervisors and said Board of County Road Commissioners held in January, 1936, said Board of Supervisors did recommend that the Lovells-Lewiston Road, a Postal Road, should be graveled. That said members of said Board of County Road Commissioners did agree to follow said recommendation, but have failed and neglected to do so.

8. That by resolution of said Board of County Road Commissioners adopted in January 1936, after a joint meeting with said Board of Supervisors, said members of said Board of County Road Commissioners did resolve and agree to expend not over eight thousand dollars for the purchase of new equipment during 1936, said latter did disregard said resolution and said members did authorize the expenditures and did expend \$17,191.63 during said year.

Moved by Niederer, and supported by Howse, that the foregoing resolution be accepted, approved and adopted. Yea and nay vote called. Yea: Niederer, Howse, Duncley, Love, Caid, Dyer, Olsen and Sales. Nays: none. The motion carried.

Moved by Olsen, and supported by Duncley, that the annual report of the County Road Commission be incorporated in the minutes of this meeting with the exceptions of Materials, Accessories: Real Estate holdings; Fixtures and office supplies which may be entered in the totals thereof. All members voting yea. The motion carried.

Bills of the several Supervisors for attendance at this meeting were allowed at this time. Signed: Sydney A. Dyer, C. W. Olsen and Fred Niederer, Committee on Claims and Accounts.

Annual Report of Crawford County Road Commission

January 1, 1936-December 31, 1936

To the Honorable Board of Supervisors for the County of Crawford, Michigan:

Gentlemen: In compliance with the statute relating thereto, the Board of County Road Commissioners of the County of Crawford herewith submit their annual report for the twelve-month period beginning January 1, 1936 and ending December 31, 1936.

At the present time we have fifty miles of old County Roads and four hundred seventy-five miles of McNitt Roads, and

in addition we have one hundred thirty-two miles of McNitt Roads in for reclassification, making a total of six hundred and sixty miles. The present McNitt mileage in the several townships are as follows:

Beaver Creek Twp.	77 1/2 miles
Frederic Twp.	32 1/2 miles
Lovells Twp.	51 1/2 miles
Maple Forest Twp.	33 1/2 miles
Grayling Twp.	185 miles
South Branch Twp.	95 miles
Total McNitt miles.	475 miles

The following statement shows the number of miles of roads snowplowed last winter, the miles anticipated for plowing this winter, gravel and dirt roads:

Snowplow'd	36	41%	7	78%
Gravel	18	20%	6	21%
Dirt	43	62%	8 1/2	51%

Maple Forest	17	19%	11 1/2	33%
Grayling	45	44%	14 1/2	165
South Branch	30	30	10	93
Total	187	218	57	443

Snow fence on hand at present is distributed as follows:

Township	Rolls	Posts
Beaver Creek	520	2,496
Frederic	122	375
Lovells	433	1,950
Maple Forest	351	2,245
South Branch	280	1,100
Grayling	89	125
Total	1,995	8,536

In addition to the above we have on hand seventy-six more rolls of snow fence and ninety steel posts.

Now that the McNitt roads are taken over under the McNitt-Holbeck-Smith Act, there is another reclassification of roads and alleys of unincorporated villages and townships that have not been turned in as McNitt mileage and will be taken over in 1937.

We are not contemplating any new construction but we are going to do as much graveling as possible this year. We have only one WPA Project on hand that nothing has been done to as yet and that is the project from Frederic west to Kalkaska County line and which will probably be worked on next year if further WPA Projects are extended.

The following costs are estimated for the ensuing year:

General Expenses of	\$ 7,000.00
Material expenses	12,000.00
Snow removal	2,000.00
Maintenance for all Roads	20,000.00
Total Minimum	\$41,000.00

Estimated \$41,000.00. Material used on the County Roads and the approximate number of yards of dirt moved from cuts and fills:

County Road No. 1	2,360 yds.	2,850 yds.	27,728 yds.
County Road No. 2	1,388 yds.	1,272 yds.	9,812 yds.
County Road No. 3	1,914 yds.	2,136 yds.	16,679 yds.
County Road No. 4	793 yds.	722 yds.	5,446 yds.
County Road No. 5	342 yds.	529 yds.	
Total	6,797 yds.	26,689 yds.	59,663 yds.

We would also mention that two bridges were built which was classified under maintenance and equipment and the cost to the same was as follows:

New Bridge West of Frederic:	
Cost of Labor	\$2,423.33
Cost of Material	2,330.33
Total	\$4,753.66

New Bridge near Jones Lake:

Cost of Labor	\$533.33
Cost of Material	499.00
Total	\$1,032.33

In presenting this report the following is the tabulation giving the receipts and expenditures, the cost of all the equipment and upkeep, the general expenses of this commission, the cost of maintenance and construction, cost of snow removal, receipts and expenditures in detail under the McNitt-Holbeck-Smith Act also a complete inventory of all equipment and material on hand at the County Garage.

In closing this report we hope your Honorable Board will see it to accept it favorably.

Respectfully submitted, The Crawford County Road Commission.

The several trucks from the camps in this vicinity assembled in Grayling this morning and each truck manned by two men left for Camp Custer. Captain Niemz and Lt. J. D. Hartley conveyed the trucks to Custer. Previously each camp has sent cooks from their camps into the stricken areas.

The Charlotte Republican has started an interesting feature in its last issue under the double column head—"Tell It To 'Em While They're Living Club." A pertinent poem follows, the closing lines of which convey the thought that prompted the idea: "Don't tell the folks I was a saint, or anything you know I ain't; if you have jam like that to spread, please hand it out before I'm dead. If you have roses bless your soul, just pin one in buttonhole, while I'm alive and well today. Don't wait until I've gone away."

what Irvin Cobb thinks about:

Making 1937 a Safe Year.

SANTA MONICA, CALIF.
—This time last year we were all dedicating ourselves to a crusading campaign to make 1936 a safer year for motorists.

We were going to cut down the volume of traffic disasters, going to reduce the appalling mortality toll which had marked the preceding year.

So what? Well, here's what. The end of 1936 showed an all-time top for deaths on the public highways—roughly 37,450, or approximately 450 more than in 1935.

So now we'll plow, again, to do something about this hideous destroyer which kills by the thousands and maims by the hundreds of thousands and makes our fatalities and casualties in the world war seem, by comparison, puny.

And what will come of the renewed agitation? The National Safety Council will wage a gallant, hopeless fight, various local organizations and civic bodies will do what they can, newspapers will rail and statesmen will deplore—and the ghastly record of slaughter will keep right on mounting.

The Value of "Experts"
I HEARD a supposed expert advising a director, bound for Africa to shoot a big game picture, that practically everything about his kit was wrong except possibly his rear collar button.

It reminded me of the pampered millionaire's son who was heading for the arctic circle. He called in a veteran of polar expeditions and told about his outfit. All went well until he started describing his parka.

"It's fine," he said, "made of seal-skin and the hood all fringed with wolverine and—"

"One moment," said the professional, "is the hairy surface of the pelt worn next to your body?"

"No," said the youth. "The fur is outside, of course."

"All wrong," pronounced the critic. "Thermal demonstration has proved that to conserve the bodily heat the hide should be turned so the fur is used as a lining and the smooth or naked side is exposed, thus cutting the wind."

The youngster burst out laughing. "Have I said something to excite your mirth?" demanded the specialist.

"Oh, not at all," said the amateur. "I was just thinking what a darned fool a buffalo is."

...

Americans in England
RENEWED excitement has been aroused in the British isles by the discovery that yet another member of the royal family—this time it's the young duke of Kent—not only shows a regrettable tendency to enjoy himself as any normal natural, healthy youngster might, but, what is even more distressing, has lately been seen in the company of an American woman.

Oh, these pestiferous Yankee women! In spite of all that can be done, it's almost certain some of them will witness the coronation, and several thousands of them will break their girlish necks trying to do so.

...

Militarizing the C. C. C.
REPRESENTATIVE NICHOLS of Oklahoma is trying to accomplish something which should have been done long ago. He's preparing a bill to make military reserve units of the C. C. C. boys, which would mean discipline and morale for thousands of young Americans and, if needed, would provide the nucleus of a trained citizen-army.

Seems to me there is every reason why congress should enact the legislation, not as a warlike gesture, but as a peace-time move for national defense and national protection. But watch the professional pacifists fight it—professional pacifists being well-meaning folks who believe in Santa Claus, turning the other cheek, and the beautiful, if slightly impractical theory, that a white rabbit will be perfectly safe among a pack of greedy coyotes.

...

Actors Trading Careers.
HALF-WAY across the continent, actors who have succeeded in Hollywood and are headed east, hoping to break into the legitimate stage on Broadway, pass actors who, having succeeded on Broadway, are heading west, hoping to break into the movies in Hollywood. It is a two-way traffic which grows heavier all the time.

Thus we see how human hopes are uplifted and how curious a thing is human nature, not to mention human ambition. Also it's good for railroad travel.

But if the jaybirds suddenly decided to trade their nests for woodpecker holes and the woodpeckers fell in heartily with the idea, we superior creatures could laugh at feathered friends for being such idiots.

Recreation Notes

Last Saturday morning the All-Star team picked from the Boy's Intramural League, traveled to Frederic to take on the Frederic All-Stars.

The Grayling lineup consisted of May, Ted Nelson, J. Thompson, R. Lowe, R. Thompson, B. Welsh and L. Ingalls.

The game proved to be rather a thriller, with Frederic leading at half-time, 11-8. The last half Grayling settled down and with good passing and a good defense, came out on top 20-25. Ingalls was high scorer, with 11 points.

Thursday night the WPA adults basketball team, captained by Bill Hunter, will play the preliminary with Frederic for the Hanson Cafe-Gaylord A. C. game. Come out and see some real action.

K. Gothro, leader.

THE LANGUAGE OF YOUR HAND

By Leicester K. Davis
© Public Ledger, Inc.

PRIMAL TYPE

WHEN beginning an analysis of a hand to place its type, be sure to note all the characteristics which make it a distinct type. Note the general shape and conformation, whether short, thick-set, wide or narrow. Note the width of palm, the length and formation of fingers and thumb, whether they are straight, knotted or tapered. The first of the seven types of hands follows:

First. The Primal Type of Hand.

The outstanding characteristic of this type is its short, thick-set appearance. The fingers are stubby and rather clumsy looking. The thumb is extremely short, low set, heavy and often "clubbed" on the side opposite the nail. The nail joint is often abnormally short and wide.

The palm and underside portions of fingers of this type are always heavily fleshed and when partially folded become pillowed by broad, deep creases.

One would be quite safe in placing the possessor of a hand of true primal type as one who is apt to find more satisfaction in material affairs than in the spiritual, esthetic or sentimental aspects of life.

All things being equal, a primal type of hand indicates pretty surely that the occupation chosen by its owner should be of a kind that calls for manual dexterity rather than concentration or analysis.

A stiff thumb on the primal type of hand is positive indication of a stubborn and overbearing will that is apt to have its own way without counting the costs or the feelings of others. If, however, the thumb may be bent backward with little tension, there is equally positive indication that its owner is very much inclined toward indolence, irresponsibility and extravagance.

The Bureau of Fisheries says that it is not necessary for sharks to turn over on their backs to grasp their century cannon.

Study of Mosquitoes

In a Capetown, South Africa, aquarium one may follow in safety the four stages of development which every one of the more than 1,000 species of mosquitoes undergoes. First is the raft stage, so-called because as many as 400 eggs congregate; then the larva, when the raft "dissolves;" third, when each larva near the surface puts up an infinitesimal nozzle for air and last when it develops wings, legs and feelers, walks on the water, then flies away.

PRIVATE RECIPES

Then AND Now

Detroit in 1805 when, on January 11th, Michigan was made a territory

Private recipes in early settlement days were just as important as now. In 1805, when Michigan Territory was created with Detroit the seat of government, one Mackenzie was famous for his Plum Pudding. Others made it, but Mackenzie's Plum Pudding had a superior quality that made it better.

Private recipes that live through the years result from an ambition to excel and the tireless effort and patience required to develop them. Then, as now, it was the private recipe that produced something both different and better that won recognition and public acceptance.

Third and fourth prizes in the E. M. T. A. picture contest were both ties and the money was divided between the following: Ray K. Wilson, of Cincinnati, Ohio, for his picture (shown lower right), C. A. Short, of Alpena, for his fishing scene (lower left); Mrs. A. F. Coleman, who entered the picture of the hunter.

NEWEST in the line of Ford V-8 commercial cars is the 112-inch stake shown above. It was designed to fill a widespread demand among farmers and business men for a light weight unit of this type. As its name indicates, it utilizes the 112-inch commercial car chassis, and provides a load space 80 inches long, 62 inches wide and 29 1/2 inches high. Removal of the stakes converts it into a platform unit. Its floor is protected by steel skid-strips and a steel subrail. The cab is of welded all-steel construction with a steel roof. The unit is available with either the improved '85 horsepower V-8 engine for heavier jobs or the new 60 horsepower V-8 engine for light duty. It is fitted with the new Ford "easy-action" safety brakes.
